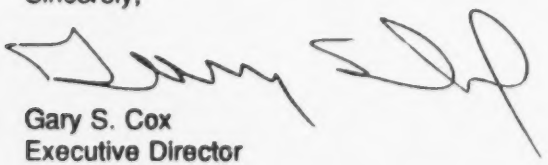
Dear Colleague:

Kentucky's public higher education system is made up of eight universities and 14 community colleges. A separate board governs each university, with the community college system as a part of the University of Kentucky. This publication includes data for the public institutions, as well as for 21 independent colleges and universities that are licensed by the Council on Higher Education and are members of the Council of Independent Kentucky Colleges and Universities. Beginning with this edition, a detailed section is provided on enrollment and degrees conferred for the independent institutions.

The Council on Higher Education serves as the coordinating agency for the public institutions. As such, it is the Council's responsibility to engage in analysis and research to determine the overall needs of higher education in the Commonwealth. This responsibility is made possible by a comprehensive data base collected and maintained by Council staff.

This ten-year Information Digest contains a collection of statistical data and facts collected by the Council on Higher Education, and is designed as a reference tool for those with an interest in, or a need for, information on higher education. The selection of material for this volume has been based on requests most frequently made of Council staff, and may be utilized to complement three other annual Council publications: Kentucky College and University Enrollments, Kentucky College and University Origin of Enrollments, and Kentucky College and University Degrees and Other Formal Awards.

Sincerely,



Gary S. Cox
Executive Director

Funds for departmental research that are separately budgeted specifically for research are included in this category.

This category includes subcategories for student services administration, social and cultural development, counseling and career guidance, financial aid administration, student admission, student records, student health services, and intercollegiate athletics. Intercollegiate Athletics is categorized as a student services "educational and general" expenditure unless it is operating as a self-supporting activity and, therefore, reported as an auxiliary enterprise operation. Examples of intercollegiate athletics expenditures are salaries of coaches and trainers, officiating, travel, grants-in-aid, ticket sales, and advertising. Excluded from intercollegiate athletics are those activities that relate to intramural athletics and to student financial aid.

Also included are persons who perform some of the duties of a professional or technician in a supportive role, which usually require less formal training and/or experience normally required for professional technical status. Such positions may fall within an identified pattern of staff development and promotion under a "New Careers" concept.

TENURE - Status of a personnel position, or a person occupying a position or occupation, with respect to performance or position.

TENURE TRACK - Positions that lead to consideration for tenure.

TUITION AND FEES - Includes all charges (net of refunds) against students for educational and general purposes. Charges for room, board, and other services rendered by auxiliary enterprises are not included in this category, but are classified as auxiliary enterprises revenue.
